Safe Heaven

A child of today is a future of tomorrow!

Our system offers AI-based solutions which will provide a safe and secure environment via using a surveillance camera, which comes with the additional feature of using a mobile application. This AI-based system will alert notifications to the admin and parents if any mishaps happen in the premises of organisation.

Disorder traits shown by children aged 10-19

40%
Anxiety & Depression

19%
Conduct Disorder

18%
Attention & Hyperactivity Disorder

14%
Idiopathic Developmental Intellectual Disability

9%
**Remaining Mental Disorder**
